Assembly Instructions

The package contains 4 identical sheets. FS-LCG insert has two versions.

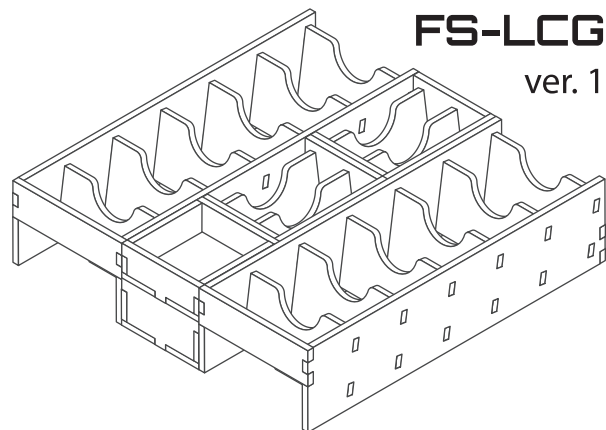

Each tray is doubled.

After assembly, trays 4 and 5 should be placed in the game box and not removed. The other trays are meant to be removed and used in game play.

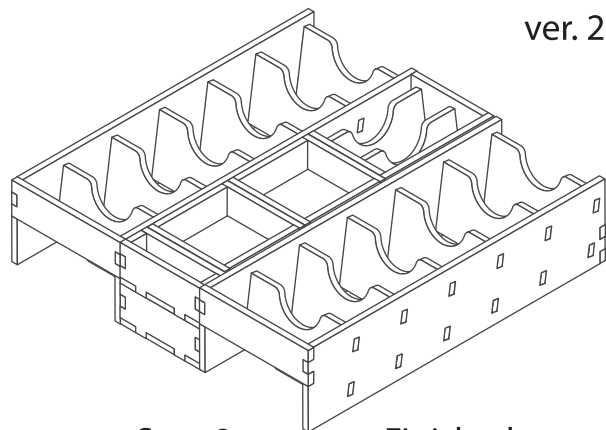

Ordinary PVA glue is required when assembling each tray, for extra strength.

Please make sure you dry-assemble each tray correctly before gluing it together.

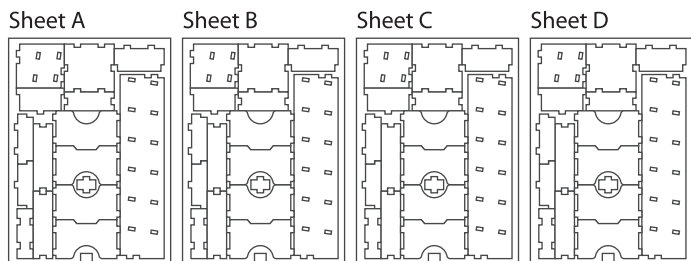

Please check www.foldedspace.net for general assembly tips.
